DIPLOMA OF BUILDING AND CONSTRUCTION

CRICOS Course Code: 118349B

Qualification Description

This qualification reflects the role of building professionals who apply knowledge of structural principles, risk and financial management, estimating, preparing and administering building and construction contracts, selecting contractors, overseeing the work and its quality and managing construction work in building projects. This practical curriculum incorporates hands-on work and project-based learning. You'll experience many aspects of building projects and understand how they all relate to each other. You'll go on site excursions to gain hands-on field experience which will include visits to residential and commercial construction projects.

Resources & Facilities

Students will have access to a fully equipped, industry standard simulated learning facility and a theory classroom.

Delivery Mode

Full time face to face formal classes

Course Duration

Full-time 54 weeks.

Enrolment Application Fee: \$250.00 (non-refundable)
